SKILLS

Frontend: React.js, Redux, HTML5, CSS3, Tailwind CSS, Framer Motion, GSAP

Backend & Database: Node.js, Express.js, MongoDB, NoSQL, Firebase, Google Cloud

Programming & Tools: JavaScript (ES6+), Git, GitHub, VS Code, Postman

Core Concepts: REST APIs, MVC, Authentication (JWT), CRUD, State Management, API Integration, Responsive Design

PROJECTS

ExpenseIQ | Finance Management Web Application - (MERN Stack)

[See Live](#)

- Developed a scalable full stack finance management web application using React.js, Node.js, Express.js, and MongoDB following **MVC architecture**.
- Built and optimized **RESTful APIs** for managing income and expense transactions, improving response time by 30 percent and efficiently handling 10000+ financial records.
- Implemented **JWT-based authentication** and designed an interactive dashboard for **real-time expense analytics** and category-wise insights.

The News | Short News Web Application - (MERN Stack)

[See Live](#)

- Developed a responsive short news web application delivering **real-time updates** using **Google News API** and **Gemini API**.
- Implemented **secure authentication** using JSON Web Tokens (JWT) and **OAuth** for protected user access and session management.
- Integrated **AI-based text summarization** and **text-to-speech features** to generate concise news snippets and enhance accessibility.

EXPERIENCE

Web Developer Intern | Prancevia Private Limited

Jan'26 - Present

- Developed responsive, **high-performance web applications** using React.js and modern frontend technologies to enhance user experience and scalability.
- Designed and integrated scalable **backend services and RESTful APIs** using Node.js and Express.js, collaborating with UI/UX and product teams to deliver production-ready features.
- Implemented efficient state management, reusable components, and **performance optimizations**.

EDUCATION

Wainganga College of Engineering and Management, Nagpur

2022 - Present

Bachelor of Technology - Computer Science and Engineering | CGPA: **6.52**

Relevant Coursework: Data Structures, DBMS, Artificial Intelligence, Machine Learning, Deep Learning

CERTIFICATIONS

- Career Essentials in Software Development – *Microsoft*
- Generative AI – *LinkedIn Learning*
